Second Councillor's remarks contained in a D.O. letter to the Secretary dated the 5th May 1903.

"Please see pages 525 and 526 of the Mysore Gazette Part II dated the 30th April 1903. Do the draft Bye-laws regarding compulsory Vaccination come within the purview of the Municipal Regulations? Did we not recently pass an order saying that Govt were not prepared to legislate on the subject of compulsory vaccination?

9 The 2d Commissioner having noticed the publication in the Gazette of the 30th April 03 of the draft bye-laws regarding Compulsory vaccination the President was requested to report how, in spite of the Govt order of the 21st idem the bye-laws came to be so published. (vide docket no 1580/10 of the 8th May '03)

10 The President states, in reply: (no 239 of 11.5.03) that before the receipt of the Govt order, the bye-laws were sent to the Compiler, Mysore Gazette, for publication under section 227 of the Municipal Regulations & that the Compiler has since been written to stop further publication of it.

11 It is submitted that the Municipal Regulations (sections 225 et seq) do not insist upon a reference being made to Govt ~~in the first instance~~ before the bye-laws are published, although it has been the practice always to make a refe

to Government in the first instance.

The Bye-laws in question relate to the Bangalore city Municipal Council.

If it is considered necessary to pursue the correspondence further on the subject, this may be referred to the Municipal Section for the needful being done; or, now that Vaccination is proposed to be declared Compulsory in the Bangalore city from 1.7.08, the correspondence may be simply filed, as no useful purpose appears to be served by taking up a matter as relating to so ~~remote~~ distant a period as may '03.

This is not necessary SJ 20/5.
